WHAT IS MONEY SMART? Money Smart for Small Business is a new instructor-led training curriculum developed jointly by the FDIC and U.S. Small Business Administration. The 13 modules in this curriculum provide introductory business training for aspiring and existing entrepreneurs on the basics of starting and growing a business.

This training will cover:

- ✓ Myths and realities of small business ownership
- ✓ Determining your readiness to become a small business owner
- ✓ How to set your plan of action
- ✓ Advantages and disadvantages of sole proprietorships, partnerships, limited liability companies, C corporations, and S corporations
